## Qiming Wu

Qiming has been a Holistic Therapist for 20 years. Her work involves assisting individuals in reconnecting back to their true essence, to realise their fullest potential. She works from a whole person basis, integrating body, mind and spirit. She has been teaching Reiki in the Usui tradition since 1998. In January of 2006, she was introduced to Angelic Reiki.

“Angelic Reiki has helped me to accelerate towards my life’s mission and purpose, and to deepen my connection to receiving higher guidance throughout my life. I find myself centered in a place of profound peace, joy and appreciation for life. It gives me great joy to share this work and I am honour to do so. It is my wish that others may also experience the gifts of working with these Divine Beings.

“The Angelic Kingdom is your guide to being the channels, the tools of the Hand of the Divine. Part of this knowledge, which we will give to you, is that system which is now known as Angelic Reiki”

## Angelic Reiki Master Level

As humanity continues to move quickly towards the time of ascension, this course presents an opportunity for you to shine your light brightly in the world. Whether you choose to teach or simply be living at your highest potential, you will make a difference by simply anchoring this work in the world. This workshop is for those who wish to teach and attune others, however, it may also be undertaken for your own personal evolution and soul's journey. If you are ready to do this – this course is for you!

As you already know from the Levels 1<sup>st</sup> & 2<sup>nd</sup> Angelic Reiki training, this system is Divinely powerful, and yet very simple to apply. In this next training, which will be another powerful experience, this workshop awakens in you the Divine. You will receive what is to be the wave of Love emanating from the Galactic Heart itself. This is now happening and is here to assist humankind with the time of Ascension.

In this blissful and joyful occasion, we celebrate the mastery of who you truly are. Have confidence that the Angels will use you as a channel, bringing to those you teach or work with, the highest healing energies possible. Doing this workshop, allows you to receive attunements for becoming such a channel. Hands on healing practices and techniques will be given and explained in detail in order for you to pass on the knowledge. For those who choose

This is a two-fold process. As a student, you will receive powerful attunements, and as a teacher, you will go on to give your own attunements, guided by the Angels, naturally. All the knowledge you need for teaching will be provided to you during this weekend. A comprehensive manual will be given to you.

The attunements in the manual follow a written pattern. In order for the attunements stay in its purest form, we are asked to follow as it is written. Hence there is nothing to memorise.

Materials for teaching your own workshops are not provided. Guidance will be given for finding resources.

When you have completed this course and feel ready to teach your own workshops, know that you are guided by the Light and the Angels are supporting you at all times. Additional ongoing support is also given by the teacher. As well, there is an Angelic Reiki Association (by membership only) available to provide a means of any ongoing support through forum discussions, as well as any updates shared by the members.
